## **NOTHIN' BUT NET**

### **Drug discount card is available**

Wisconsin residents now have access to the BadgerRx Gold program, a drug discount program similar to the one available to state employees. This program, administered by Navitus Health Solutions, is aimed at people of all ages who don't have prescription drug coverage. It will offer them a discount card to help reduce the cost of their prescription drugs.

People utilizing the program will be able to go to any participating pharmacy and present the card for a discount when filling their prescriptions. The estimated cost reduction with the BadgerRx Gold discount card will be the pharmacy's wholesale price minus 12 percent. However, not all drugs will be available for a discount. A list of prescription drugs that are eligible for the program's discount is available on the BadgerRx Gold Web site.

Enrollment will include an annual fee of \$25 for an individual and \$75 for a family of four or more. People with coverage under other programs can still get the BadgerRx Gold card and then ask their pharmacists which drug program offers them the better discount on each of their medications. To apply for the BadgerRx Gold program, visit [www.badgerRxgold.com](http://www.badgerRxgold.com) or call (866) 809-9382.
